## What's New In CompreXX Mark?

⬜ ZIP archives support (ex: WinZip) CompreXX Blog: ⬜ Where the archive file magic happens: ⬜ Decoding ZIP archives: ⬜ Decoding ACE archives: ⬜ Decoding RAR archives: ⬜ Decoding SIT archives: ⬜ Decoding SIT-plus archives: ⬜ Add support for more archives using plug-ins: PluginCodex.com ⬜ Automatic Content-Encoding: Codex always converts files by default to the Compression Format of the Archive. This offers far better compression. It also automatically sets the right metadata for the Content-Encoding (unless the user decides to change the encoding, then the encoding is automatically chosen). ⬜ Advanced User Interfaces: The user interfaces can provide much more "advanced" functionality, such as: listing, copying / extracting / sending files from / to archives file compression collection of archives recovery / repair of damaged archives recovery of passwords in ZIP archives file emailing If you have comments about the product, please contact us at info@comprexx.com Please contact us if you would like further information about any of our products or services, or if you would like to be placed on our mailing list to receive timely information on the upcoming releases of Codex products.
