
Bomberman Jetters Iso Ps2 __HOT__

The spiritual successor to Bomberman Generation, Bomberman Jetters is based on the anime of the same name.

You play as a Super Bomber who has to perform different tasks in different areas on the ground and in the air, destroying enemies, freeing civilians and, most importantly, completing tasks for his friends. All in all, the game is nothing more than a fun platformer with elements of a first-person shooter. And, despite the fact that the game is free, there are some paid features. In particular, you can unlock a new mode in which you must destroy enemies in a certain order in order to receive bonuses.
